Policies and Procedures: Inclusion.

My childminding setting is inclusive. This means that I will provide an equal opportunity to everyone entering my home. (Refer to 'Equal Opportunities' policy).

Every child is an individual and unique. I will work with parents and families to ensure their individual needs and interests are met and that they are able to achieve their full potential. I will ensure that all children feel valued and that they are seen as a person first and not their special or additional need.

I will offer a flexible approach where possible to the children's care and learning and this may involve treating children differently according to their abilities etc.

If a child has a physical disability, I will endeavour to reduce physical barriers to their participation in all activities where possible.

In my setting all children will be taught from an early age, to value diversity in others to enable them to grow up making a positive contribution to society.
